

S.W.A.T. LASER TAG

Come and celebrate’s th Birthday

Time On the

Please RSVP to

RULES AND GUIDELINES

The game of SWAT Laser Tag is fun, safe and easy to play and no protective clothing or head gear is needed. The laser guns fire harmless infra red beams (much like your TV remote) and are effective and accurate up to 50 meters on bright sunny days and easily 80 meters on overcast days and low light environments – easily 150 meters at night! This game of skill has been specifically developed to offer a safe, cost effective and effortless alternative to paintball.

General Guidelines:

- Wear long trousers – (a good sturdy pair of shorts in the summer months is also an option)
- Wear a good pair of sturdy, closed shoes – no crocs or slops please
- Wear a hat
- Don’t forget your sunscreen
- Please let us know of any allergies/medical conditions any of the players may have.
- Please feel free to ask any of the Marshals/Coaches for assistance or guidance at any stage during the laser tag event. The Coaches are there to help you and guide you. ☺
- Please respect the environment you are playing in and do not leave litter lying around. All we want to leave behind are footprints.

Rules of the Game:

- Always listen to the Marshal/Coach and adhere to their suggestions – they are there to ensure a smooth, enjoyable laser tag party for everyone involved.
- Please keep a safe distance from the opposition during live games. SWAT Laser Tag is a gun fight, not a sword fight, and we do not want any unnecessary harm done to the players or equipment.
- Always stay within the demarcated playing areas or boundaries as indicated by the Coach
- No climbing trees or obstacles
- Stay away from any areas with excessive water – guns are not waterproof
- Please watch where you run – we cannot be held responsible for twisted ankles etc
- No eating or drinking whilst handling the laser guns
- Please do not put guns down on the ground – put guns back in gun rack please.
- Please do not hang around at the gun rack during breaks – the Coaches will need space to work on the laser tag guns.
- Have fun, play fair and have an absolute BLAST!

NB: PLEASE BE PUNCTUAL - WE NEED TO ADHERE TO OUR SCHEDULE FOR PARTIES LINED UP AFTER YOURS. MANY THANKS!
